

# NETWORK CARE

## PROTECTING YOUR INVESTMENT

You may be asking yourself if a maintenance plan is necessary. The answer is yes. A maintenance plan is an investment in your network. It provides peace of mind, knowing that any issues will be identified, addressed and rectified as quickly as possible. With an ADTRAN Network Care Plan, you receive extended benefits beyond the standard warranty including:

### PRIORITY SUPPORT

Quick access to product support when you need it.

- Remote priority technical support
- After-hours emergency support
- <20 minute average response time on critical network issues
- Critical issues are supported via telephone 24x7x365
- Non-critical issues are supported during working hours

### ADVANCED REPLACEMENT

Reduces unplanned support costs.

- Cost optimized to reduce inventory overhead
- Nationwide depot sparing
- No stocking fee applied

### SOFTWARE MAINTENANCE

Guarantees you have access to the latest software updates and feature enhancements.

- Software upgrade protection and software maintenance
- Advanced Operational Environment (AOE) support
- AOE licenses management and device discovery key generation
- Access to software patches and updates
- Access to software support

### TRAINING

Develop intercompany skills to quickly and efficiently rollout, install, manage, and maintain your network.

- Free online courses at [adtran.com](http://adtran.com)
- Instructor-led certification training and remote training
- Training vouchers included in certain network care plans
- Access to Community Forum – online, on-demand, detailed technical information from ADTRAN experts
