

Introduction to Mosaic Cloud Platform *(Instructor-led Training)*

Enrollment Part Number: 1600CSYS6015E

This course is for people who will be using Mosaic Cloud Platform EMS. This course covers navigational features for MCP including the use of shortcuts, the dashboard tabs and viewing the network. When the course is over the user will understand the basics for how to use MCP without getting into specific details for particular Adtran services.

To enroll, go to www.adtranuniversity.com.
